Regarding our home remodel in Calabasas, I would like to let you know what a pleasure it has been working with Green Planet Building Construction. Your quality of work is second to none and your knowledge of the business far surpassed our expectations. Your ability to have a vision is amazing.

Starting with our kitchen and having everything completed in the time you told us and working our way into the general remodel, it has been a great experience.

Having you come by the jobsite daily and making sure everything was in order was very comforting to Lily and me. Your respect for us is greatly appreciated. Your employees couldn't be any nicer and always showed the utmost respect for me and my family. I felt very comfortable leaving them alone in my house when I was unable to be there, and trusting all would be fine.

Thanks again for everything.

David & Lily,
